Features:

1. Part Number: ALWL-3066
2. Material: ABS+PC
3. Capacity: 8 ports
4. Dimension: 207x181x45mm
5. Waterproof: IP65
6. Industry standard user interface, be made of high impact plastic
7. Can accommodate 1x8 PLC splitter
8. Anti-UV, Ultra violet resistant and rainfall resistant
9. Up to 8 FTTH drops
10. Wall and pole mountable
11. 2 inlet ports, 8 outlet ports

Application:

1. Widely used in FTTH access network
2. Telecommunication Networks
3. CATV Networks
4. Data communication Networks
5. Local area networks

Mounted on the Pole

Mounted on the building (wall)
