- Hard disk space: at least 100 MB
- Built-in USB port 1.1 or 2.0

### Steps of Go! Suite installation:

#### PC to PC:

**Step 1:** Installation Wizard will execute auto-run of Go! Suite.

**Step 2:** InstallShield Wizard will install GO! Suite on your computer. Press “**Next**” to continue the installation.

**Step 3:** In the license agreement, click “**I accept the terms of the license agreement**” and then choose “**Next**” to continue it.

**Step 4:** choose the default path on PC to install the program or click “**Change**” to save the program into the designated folder and then press “**Next**”.

**Step 5:** Click “**Install**” to start the installation.

**Step 6:** After you press “**Install**”, the InstallShield Wizard will install the application automatically.

**Step 7:** Click “**Finish**” to complete it.

**Step 8:** Connect the both sides of computers via the USB transfer cable to start file transfer.

**Step 9:** After the USB transfer cable connects to both side of the PCs, GO! Suite window will pop up on the local PC automatically.

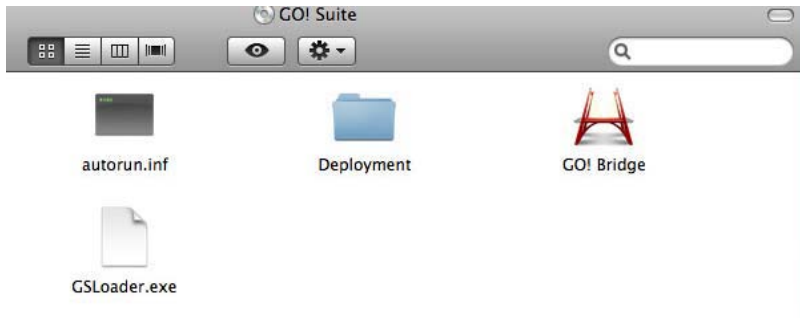

**Step 10:** Please confirm “Go! Suite” has been executed on remote PC, and then click the software on GO! Suite menu.

If you get the zip file instead of CD to install GO! Suite application, extract files to a designated folder, find setup.exe and double click it on the folder, and then you are able to open the auto- installation program of GO! Suite.

**Note 1:** If the computer which is installed GO! Suite has been set up Windows Vista or higher operation system, you have to restart the computer after the application has been installed successfully. Otherwise, the program cannot be executed normally.

### On Mac operation system:

Open GO! Suite CD on desktop and then double click GO! Bridge icon to execute the application.
