Package Contents	Page	1
Network Card Installation	Page	2
Connect to Wireless Access Point	Page	4

#### Package Contents

Before you starting to use this USB wireless network card, please check if there's anything missing in the package, and contact your dealer of purchase to claim for missing items:

USB Wireless Network Card	1
Quick installation guide (1 pcs)	2
User manual / device driver CDROM (1 pcs)	3

#### Network Card Installation

Please follow the following instructions to install your new USB wireless network card:

4. Please read the end user license agreement and click 'Yes' to accept license agreement.

5. Please select 'Optimize for WiFi mode' for wireless compatibility, then click 'Next>'. If you want to enhance wireless performance, please select 'Optimize for performance mode'. However, wireless compatibility is not guaranteed when you use this mode. Please refer to user manual for details of performance mode.

If you see 'Found New Hardware' message again, please ignore it and wait.

6. When you see this message, please click 'Finish' to complete the driver installation process.

#### Connect to Wireless Access Point
