

## DIGITUS<sup>®</sup> Gigabit Ethernet Web Smart Switch

✓ Optimal cost-benefit-ratio

✓ Efficient improved performance

✓ Ideal administration via  
the Web Interface

✓ Easy handling

### Abstract

Gigabit Ethernet Web Smart 24 port Switch, 2 Combo ports

### Features

- 24 RJ45 ports
- 2 shared SFP ports
- Compatible to the following standards: IEEE 802.3, 802.3u, 802.3ab, 802.3x, 802.3z and 802.3ad
- Auto MDI/MDI-X function
- 8K MAC addresses
- 4 QoS classes
- Port mirroring for efficient network surveillance
- Port Trunk for bandwidth aggregation
- VLAN for performance and security
- 802.1x Port Authentication
- SNMPv1, network management
- Built-in Web-based management
- Operating system independent, supports e.g. Windows, Mac OS, Linux and Sun

## Product Overview

The DIGITUS® Gigabit Ethernet Web Smart 24-Port Switch with 2 combo ports is designed for medium to large network systems. It provides smart features that are ideal for simple QoS/CoS applications and the 19" size makes an uncomplicated integration into your network possible. This switch is a great choice to improve the performance and efficiency of your network.

## Product Number Information

DN-80221-1 DIGITUS 16-port Gigabit Web Smart Switch, 10/100/1000Mbps, with 2 additional SFP ports
