DIGITUS® Crimping Tool with Cable Tester

✓ **15 Year Product Warranty**

✓ **Textile Bag**

✓ **Suitable for RJ45 (8P8C), RJ12 (6P6C) and RJ11 (6P4C)**

Abstract

Crimping tool with cable tester (UTP, STP) for 8P8C/RJ45; 6P6C/RJ12; 6P4C/RJ11;
4P4C 4P2C Plug & DEC/OFF SET Plug 6P6C

Features

- 15 Year Product Warranty
- Textile Bag
- Suitable for RJ45 (8P8C), RJ12 (6P6C) and RJ11 (6P4C)
- Suitable for STP and UTP
- Integrated cable stripper and cutter
- Integrated cable tester

Product Overview

DIGITUS® Crimping Tool with Cable Tester is the all in one tool for network installers. It combines a crimping tool for the common connectors RJ45 (8P8C), RJ12 (6P6C) and RJ11 (6P4C) weather in STP (shielded) and UTP (unshielded), as well as a cable tester for the crimped connections. It tests cables for continuity, opens, shorts and swapped wires. Moreover the tester serves information of Pin to Pin indication. The tester gives you the option to choose different test modes e.g. run once or test repeatedly. Finally the cable tester can be detached from the tool. The required batteries are not included (3 x LR-44).

Part Number Information

DN-94013	Crimping tool with cable tester (UTP, STP) for 8P8C/RJ45; 6P6C/RJ12; 6P4C/RJ11; 4P4C 4P2CPlug & DEC/OFF SET Plug 6P6C
DN-94013-TL1	Testing Tool (Master Module) for DN-94013
DN-94013-TL2	Testing Tool (Remote Module) for DN-94013
