6. Instructions

1. Please make the wireless charger embedded into the table, gently pressing it, letting it completely fit with the desktop.
2. Please make the USB cable under the desktop connect to the power adapter.
3. Please place your Qi-enabled device in the center of the wireless charger pad, thus making the device more easily enter into charging status.
4. Wireless charging board built-in protection is much safer to use.

7. Installation Instructions

	
Cut a 60mm hole in the top of furniture	Remove the furniture cap
	
Insert the wireless charging pad into the hole and connect to the power source	Place your phone on the charging pad and start charging. (Phone receiver may be needed.)

8. Attention

1. Treat the charging pad with care.
2. To avoid electric shock, do not dismantle the charging pad or let it come in contact with water.
3. Do not use the charging pad in high temperature or in high humidity.
4. Do not let the charging pad come in contact with any metal (such as coins) or magnetic strips (such as credit cards) or corrosive substance (such as detergent).
