Abstract

483 mm (19") Wall Mounting Cabinet for flush mount or surface mount, swing-out front door

Features

- 1.0 - 1.5 mm strong steel sheet
- 2U resp. 4U usable space inside
- Pre-punched cable entry in the middle of the rear side (216x216 mm)
- Punched out cable entries with plastic cover on the rear side, as well as top and bottom (145x70 mm)
- Lockable front door with air ventilation units
- Front door is able to swing-out and is equipped with two stop functions (first stop at 25°, second stop at 115°)
- Several cable fixing points for a neat cable management
- Load capacity: 100 kg
- Standard color: Grey (RAL 7035), other colors are available on request

Product Overview

The flush- & surface mount Wall Mounting Cabinets allow a vertical, secure mounting for example for small sound equipments, networks, DVR, paging- and patching applications. The front door is able to swing-out. The Wall Mounting Cabinets are available in two different versions: With 2U or 4U possibilities for rack mounting.
