• Compatible with DIGITUS CAT5e, CAT6 & CAT6A jacks
• Angled ports
• Part or fully load
• Easy and quick installation
• Modular version is perfect for standard and pre-terminated installations
• Delivered with rear management tray

Product Overview

DIGITUS® modular patch panel are specially designed for 19" rack installation and for mounting DIGITUS® Keystone jacks. The modular patch panel is available in black color RAL 9005. The body material is SPCC, 155 m cold rolled C-Steel in compliance with JIS G3141-1996. The rear management tray with special designed cable tie positions is delivered as snapping in tool for simple installation. The angled ports help to reduce the compression on the plug of the cable. The modular patch panel will be delivered without Keystone jacks.
