Abstract

DIGITUS® Fiber Optic Splice Cassette for 24x Crimp Splice Protection

Features

- 25 Year System Warranty
- Easy and fast installation
- 24 core max. (2 x 12C splice holder)
- Material: ABS
- Have enough bend radiuses protecting for SM/MM fiber
- For crimp splice protection
- Different cable entries for an optimal core connection
- Ideal for DIGITUS® splice boxes (DN-96200)
- Inclusive cover
- Operating temperature: -20°C to 60°C
- According to UL 94V-0

Product Overview

The DIGITUS® fiber optic splice cassettes are designed for an optimal installation in the splice box housing. The splice cassette is used for fiber optic management, storage and fiber optic fusion protection, easy for installation and movement.

The different cable entries allow an optimal core connection. You can use the DIGITUS® strain reliefs to fix the cables according the fiber color code IEC 60304. The cassette contents 2 x 12 splice holders, which are already fixed.

Part Number Information

DN-96103 - Fiber Optic Splice Cassette

DIGITUS® Fiber Optic Splice Cassette

System Warranty

The DIGITUS® System Warranty provides 25-year product and applications assurance of compliance with the industry performance standard appropriate to the class of cabling installed. The System Warranty will be applied by a certified DIGITUS® Partner who has installed the said system.

DIGITUS® is made for high demand IT-Infrastructure Solutions – designed and developed on highest standard in Germany.
