Thanks for purchasing this Bluetooth® keyboard. This creative and easy-to-use Bluetooth® keyboard will bring you a whole new wireless life experience!
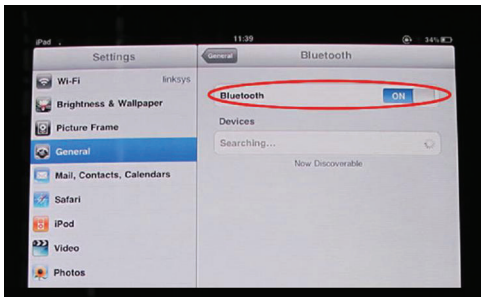

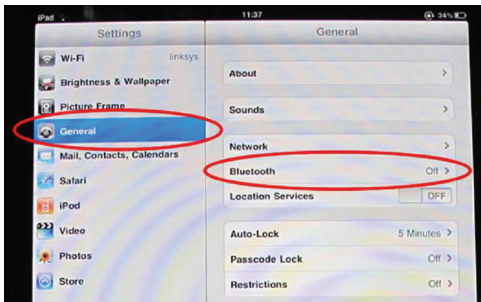

Before using the keyboard, please make sure that the battery is situated properly in the keyboard. Open the cover of the battery slot and install two pieces of 1.5V AAA battery. Then, cover the battery slot. Make sure the batteries' polarities are fitted in accordance with the polarity marks in the battery slot.
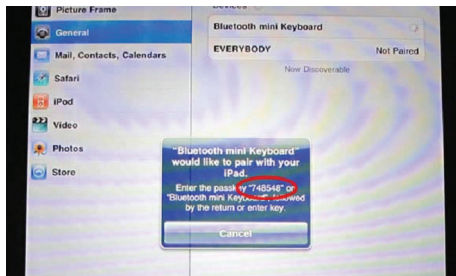

# How to pair the Bluetooth® Keyboard with an iPad

Step 1: Turn on the power toggle switch. The Power / Bluetooth® indicator
will light up for 5 seconds, and then press the connection button.
The Power / Bluetooth® indicator light will start blinking. Now, the
keyboard is in pairing mode.

Step 2: Turn on your iPad, go to "Setting" - "General" and turn on the
Bluetooth® function.

Step 3: The keyboard will search the Bluetooth® devices automatically after turning on the Bluetooth® function. Once you´ve found "Bluetooth® mini Keyboard", chose this device and it will start connecting with a pass word displayed.

Step 4: Enter the password code + "Enter" to finish the connection.
Now, you can use the Bluetooth® keyboard for your iPad.

Special Note:

The Bluetooth® keyboard can be connected to PC, iPhone 3G, 3GS, 4, 5 and iPod Touch with installed iOS 4.0, or later. The connection way and theory are same. But, if the computer system doesn´t have a Bluetooth® function, an USB Bluetooth® Dongle needs to be used.

For other Bluetooth® enabled devices, please also verify the Bluetooth® standard & compatibility, before attempting to connect to the keyboard.

Press "**Fn**" + "**Q**" is for IOS

Press "**Fn**" + "**W**" is for Windows

Press "**Fn**" + "**E**" is for Android

Unable to Connect:

Make sure that:

1. The power is switched is on
2. The keyboard is within the operating distance.
3. The iPad Bluetooth® setting is switched on.
4. The wireless Bluetooth® keyboard is connected to iPad.
5. The wireless Bluetooth® keyboard has been paired with the iPad.

Please note: Batteries are not covered by warranty!
