

Pro HDMI with lock

The **ultimate** connection

Just got better

The reliable connection choice

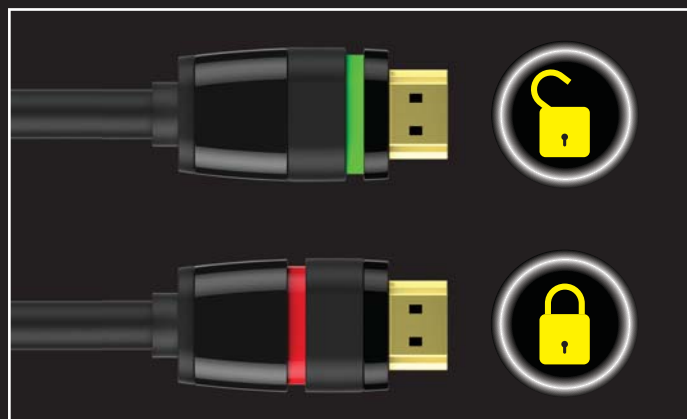

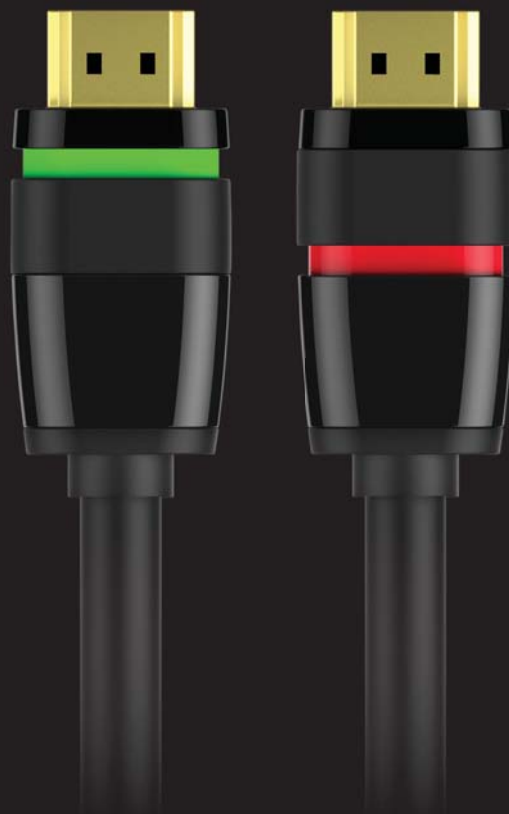

- World's first ATC certified integrally locking HDMI
- 360° switch for use with all receptacle configurations
- Universal fit utilises the existing HDMI receptacle
- Backwards and forwards compatible
- Patented wave soldering and locking technology

The HDMI advantage

- Un-compressed all-digital interface
- Transmit digital AV through a single high-speed link
- Enables IP-based applications over HDMI
- 3D support up to 1080p
- 4k/2k support - up to 4x resolution of 1080p
- Huge bandwidth capacity for AV clarity and faster gaming
- Future-ready for emerging technologies

Technical

- 30 AWG cable with mylar and Al shielding
- ISO 9001 / 14001, IECQ, ETL, UL and Sony GP certified
- All cables tested with network analyser & TDR
- Eye pattern tested to latest HDMI specifications
- All materials tested by XRF, ICP & AA Labs
- Locking retention up to 6KG (60 Newtons)

Pro HDMI with lock
